ACOUSTIC | DESIGN

ACOUSTIC | DESIGN

CELENIT LOOKBOOK nasce come strumento di ispirazione per progettisti e designers. Una raccolta di referenze, italiane ed internazionali, dove sono utilizzati i prodotti e i sistemi della divisione ACOUSTIC | DESIGN.

Pannelli ecocompatibili, in lana di legno mineralizzata, che combinano le elevate performance acustiche e il comfort indoor ad un'architettura dalle infinite possibilità.

CELENIT LOOKBOOK is intended as an inspiration tool for architects and designers.

A collection of italian and international references, where ACOUSTIC | DESIGN products and systems are used.

Eco-friendly panels in mineralized wood wool, combining high acoustic performance and indoor comfort with an endless range of architectural options.
